

That's right! ITE's got talent!

And we want to see it.

The ITE Northeastern District needs a new logo. We were "District 1" for many years, until ITE gave each District a geographic name to help those outside the Institute know who we are. Our original logo, still in use, is wrong. WRONG? The

map leaves out the part of New Jersey that is in the District – everything north of the southern boundary of Mercer and Monmouth Counties.

Engineers. Planners. Students.

Put those graphic design skills to work and create a 21st Century logo for the ITE Northeastern District. Submit a jpeg to dadams@cmellp.com by September 7, 2010.

The entries will be posted on the District website and in Newsletters and the finalist will be selected by ~~Simon Cowell~~...~~Howie Mandel~~... NO! You, the membership.

\$100 for the Design of the Winning Logo!
