

## 2014 ITE MET SECTION PROJECT OF THE YEAR

**Submissions Due by November 21, 2014**

Submissions for the third annual ITE Met Section Project of the Year are now being accepted. This award is intended to recognize one of regions best and most successful projects over the last year. The following criteria will apply for award submissions:

- A study, design or construction project that has a focus on transportation improvements
- The Study or Project must be located within the Metropolitan Section region (New York City, Long Island, Northern New Jersey, Rockland County and Westchester County)
- The project must have been completed between October 1<sup>st</sup>, 2013 and September 30<sup>th</sup>, 2014

Judging of the submissions will be based on the following criteria:

- Complexity and uniqueness of the project
- Transportation system benefits and significance within the region

Submissions are due **no later than 5:00 PM on Friday, November 21, 2014.** All submissions should be provided in electronic PDF format by email to **Adam Allen** ([aallen@maserconsulting.com](mailto:aallen@maserconsulting.com)). Submissions should include this completed submittal form as well as a project information sheet (not to exceed 3 pages including photos) further explaining the scope of the project, any unique aspects of project and why the project is deserving of this award.

Upon receipt of the submissions, three projects will be selected as finalists. The three finalists will be contacted in December and asked to provide a 24" by 36" display board, with project photos and a summary description to be displayed at the January Meeting. The winning project will be announced at the January Meeting.

If you have any questions, please contact Adam Allen at 609.587.8200.
