Supervising Traffic Engineer (ID# 42270)

New York, NY

Category: Civil Engineering

Job Type: Full Time

Minimum Experience: 15+

Required Education: Bachelor's Degree

Job Description

Be involved in projects with our **New York City Traffic Team** and be a part of a growing organization that meets our client's objectives and solves their challenges.

At WSP, we are driven by inspiring the right people to be part of our future-focused business objectives. Our devotion to teamwork has allowed us to build communities and expand our skylines. Here at WSP, anything is within our reach- and yours as a WSP employee. Come join us and help shape the future!

WSP is currently initiating a search for a **Supervising Traffic Engineer** for our **New York City, NY** office.

Duties and Responsibilities:

- Intersection and corridor operational analysis
- Signal operations evaluation and recommendations
- Traffic forecasting/projections

- Technical report/traffic study preparation
- Trip generation and trip distribution assignments
- Roadway concept design for turn lanes, intersections, sidewalks and pedestrian facilities
- Managing projects and staff
- Act as a representative at project meetings and coordination with project sponsors or clients.
- Regional A/E/C business development and targeted networking focused in the Traffic Engineering sector
- Preparation of marketing materials and responses to RFQs, and RFPs, in both print and digital formats

Talent is the essence of meeting our client's objectives, goals and challenges. If this sounds like a fit for you, we'd love to have that first discussion of you joining our team.

Job Requirements

Minimum Qualifications:

- B.S. in Civil Engineering or related field from accredited university
- 15+ years of progressive engineering design experience with emphasis on transportation engineering
- Understanding and familiarity with AASHTO, MUTCD, NYSDOT Design Guidelines and Standards and CEQR & SEQRA requirements
- Hands-on experience with traffic engineering software, including VISSIM and Synchro/SimTraffic
- Proficiency in Microsoft Office software including Word, Excel and PowerPoint
- Strong written, verbal and interpersonal communication skills

Preferred Qualifications

- Registration as a Professional Engineer (PE) in New York
- M.S. in Civil Engineering / Transportation Engineering from accredited university
- Certification as Professional Traffic Operations Engineer (PTOE)
