

Senior Civil/Traffic/Transportation Engineers

LKMA is seeking multiple Senior Civil/Traffic/Transportation Engineers to work in its Hicksville, Long Island office, which is located immediately adjacent to the Long Island Rail Road's Hicksville station, 45 minutes by train east of Penn Station in midtown Manhattan.

Candidates should possess a Bachelor's Degree in Civil Engineering and have 10 years minimum experience, including project management experience, as well as excellent verbal and written skills.

We are seeking professionals who have the following additional qualifications:

- 5-15 years of Highway / Drainage Design experience
- Proficiency with AutoCAD Civil 3D software
- Experience in all aspects of Traffic Engineering/Transportation Planning

The following are considered a plus:

- NYS Professional Engineer's license
- Proficiency with Microstation software
- NYSDOT Highway Design experience
- Coastal and Marine Design experience
- Hydrologic and Hydraulic Modeling experience

Salaries are dependent upon your specific qualifications. We are an Equal Opportunity Employer and offer very competitive vacation/medical/dental/vision benefits, and a 401k plan. Send resume and cover letter to lkma@lkma.com or fax to (631) 286-6314.
