Transportation Planner/Engineer - (157885)

Description

About Us

At HDR, we specialize in engineering, architecture, environmental and construction services. While we are most well-known for adding beauty and structure to communities through high-performance buildings and smart infrastructure, we provide much more than that. We create an unshakable foundation for progress because our multidisciplinary teams also include scientists, economists, builders, analysts and artists. That's why we believe diversity is our greatest strength. HDR is proud to be an equal opportunity workplace and an affirmative action employer.

Watch our ['About Us'](#) video

We believe that the way we work can add meaning and value to the world. That ideas inspire positive change. That coloring outside the lines can illuminate fresh perspectives. And that small details yield important realizations. Above all, we believe that collaboration is the best way forward.

Primary Responsibilities

In the role of **Transportation Planner/Engineer**, we'll count on you to support all aspects of large multi-disciplinary traffic engineering and transportation planning projects that may include:

- Transportation plans - local, regional and statewide
- Traffic engineering studies such as speed studies, signal warrants, parking studies, access management, travel time, traffic impact studies, etc.
- Use of large datasets (HERE, INRIX, etc.) to support model building, calibration, and analysis
- Operational analysis using both microsimulation and deterministic models
- Geospatial analysis and mapping

At HDR, we are committed to the principles of employment equity.

USA: We are an Affirmative Action and Equal Opportunity Employer. We consider all qualified candidates regardless of minority, veteran, disability, sexual orientation, gender, gender identity or any other status protected by law. **San Francisco, CA:** Pursuant to the San Francisco Fair Chance Ordinance, we will consider for employment qualified applicants with arrest and conviction records.

At HDR, health and safety matters.

- For some positions, you may be required to provide drug and alcohol testing, before or during employment, based on our Drug Testing and Drug Free Workplace Policy
- If you are required to drive for us, we require a valid driver's license and compliance with our vehicle policy.

Privacy: Your use of this and other HDR recruiting websites, including creating an account to apply to jobs at HDR, is governed by this [Privacy statement](#). It informs you of the categories of personal information we collect and the purposes for which we use it. Please review it before registering, applying, or otherwise providing us your personal information. Our collection and uses are consistent with the Privacy statement and may include cookies set by HDR and other third parties, including the consumer-directed sharing options available through our sites. When you direct (by clicking sharing links or otherwise) that your information be shared with entities outside of HDR then please be aware that the privacy statements and practices of those outside entities will govern the use and collection of your data once shared with them.

- Highway/roadway safety analyses
- Transportation planning reports
- Corridor studies
- Transportation demand forecasting/modeling inputs and outputs
- Transportation research
- Transit studies (rail and bus)
- Bicycle and pedestrian studies
- Environmental documents
- Prepare constraints mapping and required documents
- Assist in preparation and participation of public information meetings and hearings
- Perform other duties as needed
