

Section Lead- Transportation Planning - (150726)

Description

About Us

At HDR, we specialize in engineering, architecture, environmental and construction services. While we are most well-known for adding beauty and structure to communities through high-performance buildings and smart infrastructure, we provide much more than that. We create an unshakable foundation for progress because our multidisciplinary teams also include scientists, economists, builders, analysts and artists. That's why we believe diversity is our greatest strength. HDR is proud to be an equal opportunity workplace and an affirmative action employer.

Watch our ['About Us'](#) video

We believe that the way we work can add meaning and value to the world. That ideas inspire positive change. That coloring outside the lines can illuminate fresh perspectives. And that small details yield important realizations. Above all, we believe that collaboration is the best way forward.

Primary Responsibilities

In the role of **Section Lead-Transportation Planning** we'll count on you to:

- Take responsibility for operations of production section including staff development, profitability, morale, quality control and marketing support
- Function as Project Manager and take responsibility for production on projects in addition to management responsibilities
