

New York State Department of Transportation Civil Engineer (Various Positions)

The New York State Department of Transportation is hiring young engineers to fill many open positions in their Highway Design, Traffic and Construction groups.

These include Engineer Trainee, Assistant Engineer, and Professional Engineer I. The Engineer Trainee position is for candidates with a civil degree and do not have their FE yet. The Assistant Engineer position is for candidates with a civil degree and have their FE. The Professional Engineer I are for any applicants with their PE license.

NYS DOT design and construction never stopped during the pandemic and continues to build and maintain our state's infrastructure. To apply, please complete the civil service application at <https://www.ny.gov/nysdot-employment-opportunities/engineering-career-opportunities> as soon as possible to be eligible for the fall hiring.

When you apply, make sure you choose 'civil/transportation' and locations 'Region 10, Long Island - Hauppauge and Region 11, NYC – 5 boroughs'.

If you have any questions, please contact Doug Das douglas.das@dot.ny.gov.
